**Tayrona Capital Financial Group** is proud to present a spectacular new destination. Sagana Ubud Bali, a 5-star hidden treasure with a cosmopolitan comfort located in Bali, Indonesia.

## **Go on a journey with us that will lead you into a new world**

---

We are delighted to invite you to the Sagana Ubud Bali Resort and Spa. This exclusive resort is located in a key strategic position with a spectacular setting in Jalan Bisma. A total of 76 guestrooms, 7 one-floor Villas, and 18 two-floor private Villas on 3 hectares provide luxury, privacy, and the highest customer service offered in the market. All rooms have been spaciouly laid out and designed with details to reflect regional beauty. You will immediately feel a sense of well-being and welcome in these facilities, which have taken advantage of unique architecture amidst an impressive landscape.

Without a doubt, Bali, an island that grew its development on the back of tourism, has been considered for over two decades ago, as an unknown element in the league of top tourism destinations. Gone are days when Bali was associated with rice plantation. Today, Bali is home to some the most talked about luxurious Villas in the world. The influx of travelers to Bali has seen a remarkable growth.

Bali is an island located in Indonesia, a whole country with abundant natural resources and access to global mobility. That is why, massive business opportunities are at the fingertips of investors in that country, having the Pacific and Indian Oceans. In addition, this country offers a friendly environment for business in which safety is the core axis of the agreements established therein, considering that Indonesia is considered the third largest democracy in the world after USA and India. This situation allows considering Indonesia as a very attractive space to invest in Real Estate and choose this paradisiac Island as the perfect investment environment to opt for.

## **Experience utmost comfort and live in harmony with nature**

Walking to prestigious shops and markets, experiencing local culture as museums, galleries, and events such as the Grebeg Celebrations, getting away from famous touristic places, and enjoying secret escapes of this Island such as traditional Villages or a protected monkey forest, among others are incredible benefits available for all Tayrona's investors, allowing them to enjoy this place in the most comfortable way.

This place has been built with the intention to create memorable moments in an inimitable venue. Swim in the infinity pool overlooking the river, treat your body, soul in the world-class spa, or drink a cocktail in the open-air bar. Terraced rice fields and the Campuhan River surround this resort and provide plenty of opportunities to enjoy the pleasures of nature in a calm and relaxing way.

Undoubtedly, these features make Sagana Ubud a unique getaway destination, nowhere else to be seen. Tayrona invites its exclusive clientele to embark on this journey, opt for a better well-being, and harmonize your lifestyle opting for this profitable option that guarantees a fixed yearly return on investment.
